

ACCOGRAISSE BLONDE

400g | 5Kg | 25Kg | 50Kg | 180Kg

Grease

This grease, with a **calcium soap base**, is **insoluble in water** and has a **good resistance to washing by water**. It is suitable for the **lubricating of numerous industrial equipments** exploited in moderate conditions of temperature, speed and load.

Type of use : not very loaded bearings , articulations , sliding channel, bearing of water pump, assembly of adjusted components

NLGI 2

Very good resistance to oxidation

Perfect quality in the time.

High smoothness

All means of lubricating allowed.

Anticorrosion properties

Very good sticking

Technical data

Nature of the soap : calcium

Colour : blond

Penetration [NF T 60-132] (1/10mm) : 270/300

Solubility in water : insoluble

Limit temperature of use (°C) : -20 to +60

Drop point [METTLER method] (°C) : 105

The given data are typical data.
